- Developing mobile applications using Java Android Native programming language.
- Including 2 Master Data, 2 Transactions, and 1 Report

Teaching Factory Android Mobile Application   **June - August 2024**
Programming Project
- Developing mobile applications using Java Android Native programming language.
- Including 2 Master Data, 2 Transactions, and 1 Report

Maintain Maker Layout Astra Honda Motor Application System   **June - December 2024**
Semester 4 Programming Project
- Application Migration to Java Spring, with Oracle Database
- Developing overall functions according to Program Specifications with a Medium level of difficulty

Maintain PO Astra Honda Motor Application System   **September - December 2024**
Semester 5 Programming Project
- Application Migration to Java Spring, with Oracle Database
- Developing overall functions according to Program Specifications with a High level of difficulty

---

SERTIFICATION

Microsoft Azure AI Fundamental (AI-900)
- Official certification from Microsoft and uploaded on the Certiport website

---

SKILL

HARDSKILL
- Ms.Office: Ms.Word, Ms.Excel, Ms.Powerpoint, Ms.Visio.
- Design UI/UX: Canva, Figma.
- Perancangan dan Dokumentasi Sistem: Visual Paradigm.
- Pemrograman: CodeBlocks, Microsoft Visual Studio, Microsoft Visual Studio Code, Intelij IDEA, NetBeans.
- Database: Microsoft Sql Server Management, Oracle, MySql.

SOFTSKILL
- Able to lead a project and able to lead an organization
- Able to manage time well
- Able to work under pressure
- Able to speak in public well
